

REMARKS

Claims 1-11 are pending in the application. Claims 6-11 are allowed. Claims 1-5 stand rejected. Claim 1 has been amended. No new matter is submitted with this Reply.

Reply to the Rejection of Claims 1-5 under 35 U.S.C. § 112, 1st paragraph

The Examiner has rejected claims 1-5 as failing to comply with the enablement requirement. The Examiner asserts that the 'posterior interior shaft' recited in claim 1 is not cited in the specification.

Claim 1 has been amended to replace the posterior 'inner shaft' language with the posterior 'interior wall' (39) language found at p. 6, line 4 of the Specification. Accordingly, no new matter is introduced with this amendment.

It is believed that the above amendments and remarks overcome the Examiner's rejection of claims 1-5 as failing to comply with the enablement requirement. Withdrawal, therefore, of the rejection of claims 1-5 under 35 U.S.C. § 112, 1st paragraph is respectfully requested.

Based on the above amendments and remarks, allowance of the claims is believed to be in order, and such allowance is respectfully requested.

Respectfully submitted,

Dated: 11 September 2006
